

K-LOVE radio station is important to me as a resident of Bismarck. If K-LOVE were to be replaced with another station in our area because the airway wouldn't support both, I would miss the most encouraging radio that I listen to. Many of my friends and family also listen to K-LOVE and get recharged and can face joys or difficulties because of the encouragement of the positive messages and music provided by that station. Thank you for considering my request to keep K-LOVE on the air in Bismarck.
